

Outreach Services

We offer free, money-saving services for anyone in Minnesota

Speaking Engagements: CUB staff will provide educational presentations that help consumers understand their utility bills, highlight ways to reduce energy costs, and make attendees aware of programs and rebates for which they may be eligible. Other popular topics include energy policy, renewable energy, and income based programs.

Presentations are customized to address specific areas of interest.

Utility Bill Clinics: CUB staff can be available at a convenient location during a set period of time. Attendees bring their utility bills for a free one-on-one consultation with CUB staff, who will then review their utility bills, discuss ideas to save money or get renewable power. These services are available in organizational settings, over the phone, or via skype.

Tabling Events: CUB staff are available to table at a wide variety of events including fairs, business functions, and community events. CUB staff can answer questions about energy related matters as well as provide free one-on-one utility bill consultations at the event.

To host an event, contact Carmen Carruthers, Outreach Director,
at 651-300-4701 ext. 2 or via email at carmenc@cupminnesota.org
